EDUCATION

I have completed my Intermediate (FA/IT) from Pacific College, where I gained a strong foundation in computer studies and information technology. My education helped me build analytical skills and develop an interest in web development and digital technologies.

ABOUT ME

Hi, I'm , a passionate **WordPress & Shopify developer** who loves creating modern, fast, and user-friendly websites.
I help individuals, startups, and small businesses build a strong online presence through custom website solutions that are not only beautiful but also easy to manage.

During my **internship**, I had the opportunity to work with multiple clients and small business owners — helping them fix issues, improve their designs, and build new features that made their websites perform better and look more professional.
That experience taught me how to understand client needs, communicate clearly, and deliver results that actually help their business grow.

Now, I focus on building **conversion-focused business websites and eCommerce stores** using WordPress and Shopify.
My goal is to deliver websites that are clean, responsive, and built with care — so every project feels professional, fast, and reliable.

Let's build something amazing together!

My Services

I create modern, professional, and animated websites that deliver real business impact.

Custom WordPress Websites
- I build fully customized WordPress sites with modern designs and smooth performance using themes or Elementor.

Elementor Expert
- I create blogs, business, educational, and eCommerce sites using Elementor — with pixel-perfect and responsive layouts.

WooCommerce Stores
- I develop secure and high-converting WooCommerce stores with advanced functionality and payment integration.

Plugin & ACF Customization
- I customize plugins and add dynamic ACF fields to enhance functionality and make websites more flexible.

Shopify Store Design
- I design and build attractive, conversion-focused Shopify stores using custom themes or PageFly builder.

Thank you for your time and consideration. I look forward to the opportunity to discuss how I can contribute to your team.
